Auto Workers Push Guaranteed Wage Proposal

United Auto Workers said today its guaranteed wage plan, besides stabilizing worker pay, would discourage "run-away shops" from folding up in one community and transferring to another.

The argument was advanced in a resolution due to be approved by the UAW convention. All Reelected

DON'T BUY A HEARING AID

Until You Send for This Hearing Aid Evaluator

No gadget or gimmick can ever take the place of thorough audiometric hearing tests, but an ingenious new slide rule calculator developed by the Maico laboratories is proving very helpful to the hard of hearing as a means of making a rough appraisal of the type and degree of their impairment.

Characteristics of the various types and degrees of loss are listed on one side of the slide rule, suggested courses of action on the other. A simple movement of the slide matches up the suggested action with the user's hearing condition.

To All Union Members,

opinion it should be WHO DO WE THINK WE ARE KIDDING.

Today And Tomorrow | Steppingstones

WASHINGTON-As President Eisennower embarks upon bipartisan conferences with the Congressional leaders of both parties this week, these facts urgenty need to be brought into focus:

1.-The White House is concerned over the danger of war in the Pacific but does not share the widely publicized U. S. military view that the Chinese Communists are launched on a time-table of aggression which makes an attack on the Matsus and Quemoy almost inevitable in

2.—These meetings with the legislative chiefs were not conceived by the President as "crisis conferencs." They were set up Escanaba must prepare for its rightful before the talk of imminent conflict in the role in this new era by making sure the Formosa Strait reached headline propor-Words, Wit & Wisdom role in this new era by making sure the tions. Their purpose was to strengthen a tie-in with an unlimited source of elec- the White House-Congressional laison on

> 3.—Mr. Eisenhower will disclose his willingness to have an early meeting of the Big-Four foreign ministers-perhaps at San Francisco in June-prepare for an Eisenhower-Churchill - Bulganin - French Premier conference as soon as possible.

BACKGROUND DATA

The background from which these statenents are reported is as follows:

THE DANGER OVER FORMOSA-The President does not share the sense of the virtual inevitability of war in the Pacific which some members of the Joint Chiefs of Staff have lately been expressing.

The White House does not minimize the danger of war, the risk of war, the possibility that Red China will rend all the bonds of restraint and strike out recklessly toward Formosa heedless of the consequences. It is true that the Administrapower because they have not been able die and that the last drops of sand are U. S. must decide whether the Seventh

(NEA Washington Correspondent)

WASHINGTON-(NEA)-It doesn't always pay for a congressman to be helpful to his constituents, moralizes Rep. Clair

Engle (D., Calif.). A prospective mother-in-law wrote Engle not long ago. She complained that the Navy wouldn't let a young sailor leave his ship to marry her daughter. The ship was anchored in San Diego harbor. The bride-to-be and her mother were waiting on the wharf for him to come ashore.

"I promptly contacted the captain of the ship, to find out why he was vilely blighting romance," explains Representative Engle. "It wasn't long before I had a reply from the captain. He told me that the sailor had not asked for leave.

"Shortly thereafter I got a note from the sailor himself, asking me why I didn't mind my own business."

LOTHAIR TEETOR, Assistant Secretary of Commerce for Domestic Affairs, appeared before an executive session of the Congressional Joint Committee on Defense Production to discuss the aluminum shortge situation.

Rep. Henry O. Talle (R., Ia.) pointed finger at Mr. Teetor as he took the stand and told the other committee members. "The last time I saw this gentleman, he was playing the trumpet on the U.S.S. Pennsylvania in World War One."

Secretary Teetor replied, also for the benefit of the committee, "Yes, and Mr. Talle was playing clarinet in the same

A YEAR OR SO AGO, European diplomats who feared that the U.S. might get them involved in a war used to complain that the three "most dangerous" Americans were Senator McCarthy, Secretary of State John Foster Dulles and Vice-President Richard M. Nixon, in that order.

American observers just back from Europe now report that the order has changed. Today it is Secretary Dulles, Vice-President Nixon, Senator McCarthy.

FRESHMEN MEMBERS OF the House of Representatives seem to be getting better food at the White House than newlyelected senators, on the basis of reports from Rep. Frank S. Thompson, Jr. (D., N. J.) and Sen. Norris Cotton (R., N. H.).

"It was a fairly good lunch," reported Cotton after his guest trip to the executive mansion, "but I don't think the President is living quite as high on the hog as he did last year when we had breast of pheasant and wild rice."

Thompson sounded a lot happier after his free feed with the President and other fledgling congressman. "For lunch we had what I would consider enough for a huge dinner," reported Thompson. "We were served tomato consomme, roast pheasant (which I had for the first time in my life) wild rice, vegetables, salad with Roquefort dressing, ice cream, petit fours and coffee. All the food was especially excellent."

THERE'S A POLITICAL angle to this rates raised from three to four cents. congress approves this rate increase, it will put the likeness of Abraham Lincoln, Republican, now appearing on the fourcent stamp in the widest circulation-over 15 billion stamps a year.

When the Eisenhower administration came to town, Thomas Jefferson, Democrat, appeared on the three-cent stamp. The Republicans changed that. They issued a new three-center, bearing a picture of the Statue of Liberty and the motto, "In God We Trust." Jefferson was demoted to the two-cent stamp.

The Question:

JEFFERSON CITY, Mo. (A) -A

Missouri House committee killed

Tuesday night a bill which would

have ended racial segregation in

public places like restaurants.

hotels and theaters.

Is there any truth in the rumors that very low voltage exists in the City's electric distribution lines?

The Answer:

We know of no section where the voltage is off more than three percent above or below the 115 volt standard set for residential lighting. In fact, most appliances operate so poorly at voltages less than 110 volts that we would immediately receive complaints from consumers.

Your electric utility has three recording voltmeters, which are placed in homes and business establishments when low voltage complaints are received. Last year, the department received 26 such complaints, and in only one case was insufficient voltage recorded on the line leading to the meter, although several cases were found where the building wiring was inadequate to handle increased loads put upon it.

Your public utility is always ready and at your call to make a check on any unsatisfactory conditions that may exist. If you feel you are not getting sufficient voltage to operate your appliances properly, they will gladly test the voltage you are getting, correct any shortcoming in the line leading to the meter, and advise you in regard to your own wiring needs.

CONTRACT BRIDGE By Josephine Culbertson

A CLEAR CASE FOR A THROW-IN

SOUTH lost his game contract [in the hand below by overlooking the marked opportunity for a

West dealer. East-West vulnerable **♦** J854 **▲** J 4 3

West North East Pass Pass Pass It isn't often that a vulnerable

player can afford to preempt against non-vulnerable opponents. but East acted correctly in doing just that, with his long diamonds and general defensive weakness. West, opening against the four-

heart contract, naturally selected his top diamond, and East continued the suit. As it happened, a shift to clubs at Trick 2 would have been a very good defensive idea, but it was difficult for East | sure of the end-play, he could ruff to know exactly what line the defense should take.

South ruffed the second diamond and laid down the ace and king of trumps. He was disappointed but not surprised when East showed out, and, seeing no reason to let West keep two trumps, South went ahead with the trump queen and then led the king of spades. West won, cashed the high trump and exited with a spade, and South eventually had to concede a club trick to West, for down one.

Under most circumstances South would have been right to cash his three top trumps, leaving West with only the master trump, but in this case that move was very wrong. Observe the vast difference if, after leading only two high trumps, South had knocked out the spade ace. West would exit with a spade, but his safety would be short-lived, for now South would cash his trump queen, then lead spades until West ruffed in. If West declined to ruff a spade, South would finally throw him in with the trump and force a club return up to the major tenace. South's actual method of play

gave West an easy and safe exit whereas the suggested method would have "locked him in." And if South wanted to make doubly another diamond before throwing West on lead.

National Forest Timber For Sale

Sealed bids will be received by the Forest Supervisor, Escanaba, Michigan, up to 2:00 P. M. E. S. T., May 9, 1955, and will be opened immediately thereafter, for all the live timber marked or designated for cutting, and all merchantable dead timber located on an area embracing about 104 acres in Sections 1 and 12, T. 41 N., R. 17 W., Michigan Meridian, Hiawatha National Forest, estimated to be 260 cords of aspen, 345 cords of balsam fir and 60 cords of spruce pulpwood, more or less, together with small unestimated amounts of other species and products. No bid of less than \$1.00 per cord for aspen, \$3.60 per cord for balsam fir, and \$6.90 per gord for spruce pulpwood will be considered. In addition to the price bid for stumpage the purchaser will be required to make a deposit of \$0.70 per cord for aspen pulpwood to be used for sale area betterment work. A deposit of \$200.00 must accompany each bid to be applied on the purchase price, refunded or retained in part as liquidated damages according to the conditions of sale. The right to reject any and all bids is reserved. Before bids are submitted full information concerning the timber, the conditions of sale, and the submission of bids should be obtained from the District Ranger, Manistique, Michigan, or from the Forest Supervisor, Escanaba,

TO ASSURE PROSPERITY VOTEXYES

As citizens of Escanaba, in order TO PROTECT ourselves against ridiculous expenditures of OUR money and to promote PROSPERITY and SECURITY for ourselves and our children, we urge you to vote with us on this important issue.

QUESTION:

Will my property taxes be increased by the sale of our electric system?

THE CLAIM:

This will largely depend on the action of the Council. Revenues may be regained by: Increasing the assessed property valuations, by imposing special assessment taxes on sewage, by reducing the services you are now receiving.

THE TRUTH:

The claimed loss of our electric utility revenues of \$240,000 will be recaptured and replaced by:

1. Our new income of utilities	\$104,000.00
2. The loss reflected in Mead Corporation and new 18 es	93,799.19
3. The Abolition of Waste in Operations	50,000.00

TOTAL \$247,799.19

There Is NO Reason For Any INCREASE IN TAXES! There Is NO Reason For Any INCREASE IN RATES! There Is NO Reason For Any DECREASE IN SERVICES!

YOU BE THE JUDGE!

DO YOU KNOW DO YOU KNOW The abolition of waste in City's Operation will be the result of EXERCISE OF ECONOMY as recommended by JACOBS & CO.?

The LOSS of our Surplus will be the result of the RATE HEARINGS of Mead Corp. which is now furnishing our electric power at a loss of over \$125,000 per year? (Mead Corp. has petitioned Michigan Public Service Commission for rate increase from 0.88c per KW hour to 1.6c per KW hour to meet actual cost of power production. This increase will wipe out all present city profit and surplus.)

DO YOU KNOW DO YOU KNOW The new Income of Utilities will be the result of the new taxes paid by the Power Co. and the interest and repayment of our bonded debt?

Fort Atkinson, Wisconsin, once had a municipal light plant which they sold to private power?

READ WHAT HAPPENED!

"The City got its handsome municipal building (housing City offices and auditorium) ____ by disposing of its municipally owned gas and electric utilities. The receipts built the building, retired the bonded debt, cut taxes and built up a financial reserve."

Hancock To Get New Lift Bridge

bridge, replacing a 50 - year - old span, will link the Keweenaw Peninsula, Michigan's northernmost tip, with the rest of the state.

Rep. Bennett (R-Mich) disclosed in Washington that orders for construction of the new bridge across Portage Lake, the Keweenaw Waterway, were received Tuesday from Secretary of the Army Stevens.

Describing the new present bridge as an "unreasonable obstruction to navigation," Bennett said the new span will remove a hazard by providing greater clearance with a vertical lift bridge.

The old swing draw bridge is a double decker highway and railway span that carries traffic from U.S. 41 and M 26 between Houghton on the Upper Peninsula and Hancock on the Keweenaw Peninsula.

It was knocked down by a steamer shortly after it was built in 1905. In service since 1906, it has long been condemned as a menace to navigation by the Lake Carriers

Assn. Bennett said construction on the new bridge will start as soon as plans and specifications are completed. It will carry four lanes of highway traffic and will be build adjacent to the old bridge so there will be no interruption of traffic.

Garden

GARDEN-Several of the girls in the Garden 4-H group, who parti ' ated Saturday in the annual ' Achievement Day program at Escanaba, received honors for their projects.

Esther Nelson and Barbara Pelletier, both first year girls, won county honors, while second year girls, Carolyn Johnson and Jane LaVallee won local and county honors, respectively. In the third year group, vonne C ier received local honors and Jane Ralph, county honors.

Fourth year girls, Lois Flickinger and Carole Hazen won local hono d Genie Bernier, a fifth year 4-H member, won county honors. Yvonne G mier, Genie Bernier, Jane LaVallee and Lois Flickinger also won modeling

Diocesan Meeting

A delegation of women, representing St. Anne's Altar and Rosary Society, attended the Marquette Diocesan meeting held at St. Joseph's hall in Escanaba recently. Attending were Mrs. William Swaer, Mrs. Kate Deloria, Mrs. Alfred LaVallee, Mrs. Walter Stellwagen, Mrs. Eugene Bernier Jr. and Miss Fay Deloria.

Road Officials Attend Meeting On Sulfite Use

County road commission, Supt. Albert Ackerman and Commissioner John S. Wilde, Tuesday attended a meeting in Munising to discuss use of sulfite waste, waste liquor from the Munising paper mill as a road binder and stabilizer.

The paper company, owned by Kimberly-Clark of Neenah, Wis., has a large amount of the sulfite liquor, which it presently empties into a bay, Ackerman reported, and is seeking an outlet for the waste material to avoid pollution of water in Lake Superior.

The sulfite liquor, which has successfully been used in Wisconsin, is available free of charge, but must be hauled in glass or stainless steel tanks, the road superintendent said. It is sprayed on gravel and dirt roads, instead of chloride, to hold dust down, and also to harden surfaces, to avoid spring breakup troubles, washboard effects and the like.

The use of sulfite liquor for road binding has been practiced in Sweden for several years, and Wisconsin sulfite mills and the University of Wisconsin engineering experiment station have been conducting research on the use of

Figure Skaters To Begin Competition

COLORADO SPRINGS (P-Senior women and junior men launch their gyrations today in national figure skating competition.

Preliminary competition began Wednesday in novice men's and women's compulsory figures. Carol Joyce Wanek, 14-year-old New York City miss, took a commanding lead over eight rivals. Jim Short, 17, of Los Angeles, topped a field of seven in novice men's figures.

National and world champions Hayes Alan Jenkins of Colorado Springs and Tenley Albright of Boston are virtual certainties to defend successfully their senior singles titles.

Trotters Win Fourth Tilt From Collegians

Florida Mother, 40, Delivers Her Own Babies; No. 8 On Way

plans to deliver it herself.

attended. Her oldest child is 17. Her youngest is two.

Briefly, Mrs. Carter's system consists of taking "a few whisky highballs" to relax and having her baby. Then she resumes her house work. Mrs. Carter says she enjoys "the rapture of childbirth as nature intended it." She added:

"There is no agony, no screaming pain. There is about a half a minute of acute discomfort, but not nearly as bad as having a tooth

No Staying In Bed

Her husband, 71, a retired Army general, is a member of the City Council and president of the Titusville Lions Club. He also heads a

realty company. Mrs. Carter read many books on natural childbirth before attempting to deliver her own babies and

Prisoner Of Soviets For 6 Years Found Guilty Of Being AWOL

FRANKFURT, Germany (A) - A seven-man military court found Pvt. William Verdine, a Soviet prisoner for six years, guilty of being absent without leave.

The court, made up of three officers and four enlisted men, deliberated only 10 minutes. The defense offered no testimony. Verdine had pleaded innocent.

After returning its verdict the court prepared to hear testimony in mitigation before considering the penalty for the 29-year-old

starks, La., soldier. The maximum sentence is six months imprisonment, a dishonorable discharge and loss of pay and allowances, which in Verdine's case would amount to between \$10,000 and \$12,000.

Although sugar ranks as one of the world's oldest as well as most necessary foods, its principal modern source—sugar cane—has been widely cultivated for less than 500 years, the National Geographic Society says.
